

A Whole-School Digital Learning Solution

Empowering Every Student, Supporting Every Teacher

Tailored for Schools. Built for Reform.

As Ireland embraces **Senior Cycle Reform**, schools are under pressure to provide digital solutions that support independent learning, digital project work, and life skills development.

The **Learning Wallet: School Bundle** from Olive for Education gives your school access to our full suite of digital learning tools – delivered in a cost-effective, flexible package for **entire year groups or school-wide rollout**.

No hardware required. No complex setup. Just powerful, curriculum-aligned content at your fingertips.

Designed for:

- Schools preparing for **project-based assessment and digital submission**
- Educators looking to **streamline teaching and boost engagement**
- Students developing **21st-century skills in a structured environment**

Key Benefits:

- Aligns with **Senior Cycle Reform** and **Digital Strategy for Schools**
- Bridges the gap between **digital literacy and curriculum delivery**
- Complements any existing 1:1 or shared device environment
- Easy rollout with full onboarding and ongoing support from Olive's education team

What's Included in the School Bundle?

Full access for your selected cohort(s) to:

- **Tutorials 365** – High-quality, curriculum-aligned video lessons
- **Life Skills 365** – On-demand, accredited life skills courses
- **Vidaipro** – AI-powered tools for digital projects & portfolio creation
- **Social Ties** – A private, school-branded platform for student engagement

Optional Add-On:

- **Senso Classroom Management** – Real-time screen monitoring, device controls & safeguarding tools

Flexible licensing based on class group, year group, or whole-school access. No devices required — compatible with school-managed or BYOD devices

Built by Educators. Trusted by Schools.

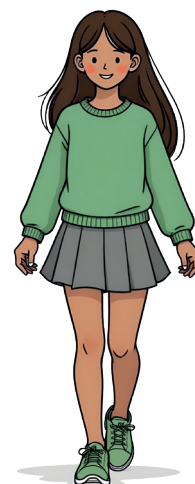

The Learning Wallet platform is developed by a team of Irish educators, EdTech specialists, and curriculum designers. We work directly with schools across Ireland to deliver meaningful, measurable digital learning experiences.

Let us help you transform your digital learning strategy into real-world results.

OLIVE
for Education

tutorials 365

Digital Resource hub for Classroom Revision

Junior and Senior Cycle revision lessons in core subjects. Short, bite sized videos help support knowledge retention – with regular knowledge checks to boost engagement.

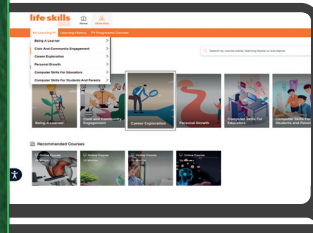

Created by teachers supercharged with AI

- ✓ Over 2,000 on demand exam study lessons in up to 20 subjects designed specifically for Leaving Certificate and Junior Certificate revision.
- ✓ Created for use in the classroom as a group revision workshop, or at home as part of a flipped classroom approach.
- ✓ Built in assessments to test knowledge retention and allow for automated student progress tracking.

life skills 365

Ideal for Transition Year Students

Empowering Students with Skills for Life

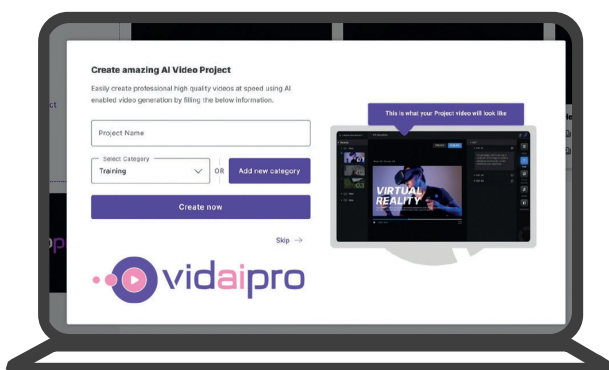

Life Skills 365 is a library of on demand course content to help learners develop additional skills outside of their school work, and support them in their extra curricula activities and career progression.

On Demand Courses for Life Beyond School

- ✓ Our on demand library of online courses covering everything from Interview Skills, First Aid, Environmental
- ✓ Awareness, Customer Service, Health & Safety & more.
- ✓ Each course is broken down into bite sized modules with mini assessments throughout and an exam at the end of each course.
- ✓ Students gain accreditation and printable certificates for each course they are successful in.

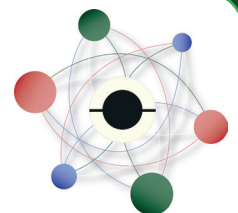

Create video lessons from text in minute

Produce engaging, high quality video lessons in an instant. Watch as Vidaipro uses AI to transform your text document it into visually compelling course content, project work, and much more in just minutes.

A secure community app just for your school

Consolidate all of your school's publishing and communications, and supercharge it with engaging, interactive content that all of your school's community can get involved in.

SocialTies allows you to publish all of your students' important moments quickly and easily to the audience that matters most.

Unlike the standard social media platforms, your school's Social Ties app can only be accessed by teachers, parents, students and chosen family members - allowing you full control over user access.
