

tutorials 365

by Olive for Education

On Demand Curriculum Aligned Video Lessons – Anytime, Anywhere

Tutorials 365 is a digital teaching and learning platform built to support students and educators with high quality, curriculum aligned video content across Junior and Senior Cycle subjects.

Designed specifically for the Irish post-primary system, Tutorials 365 enhances traditional classroom learning and supports independent study - whether students are revising at home, catching up on missed lessons, or deepening their understanding.

Key Features:

- 2,000+ high-quality video lessons aligned with the Irish curriculum
- Covers core subjects across Junior & Senior Cycle, including English, Maths, Irish, Business, Science, and more
- Built-in quizzes and progress tracking
- Short, focused lessons ideal for revision and reinforcement
- Secure student login with school-managed access
- Compatible with all student devices

For Educators:

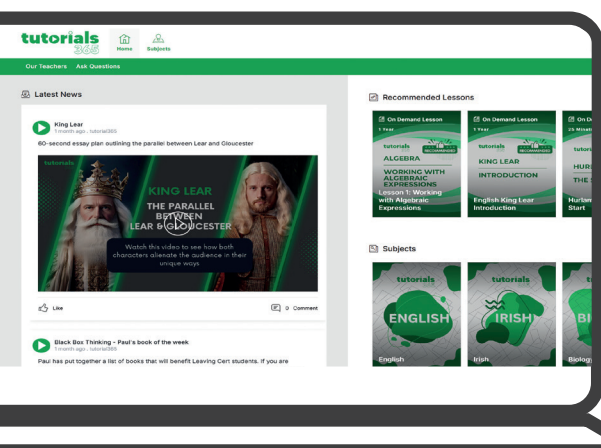

- Complements classroom delivery with trusted, curriculum-mapped content
- Supports differentiation for mixed-ability groups
- Enables flipped learning and blended models
- Saves time on content creation and revision planning

For Students:

- Learn at their own pace, anytime, anywhere
- Revisit lessons to reinforce difficult topics
- Supports study planning and exam preparation
- A reliable resource for homework, projects, and portfolio work

Ideal For:

- Supporting Junior & Senior Cycle study
- Students out of class due to illness or absence
- Homework help and after school support
- Revision weeks and exam prep periods
